

► **HINGE HT0533 - HINGE WASHER HT2511**

The HT0533 H-hinge is a premium round paumelle manufactured from solid brass extrusion with a fixed stainless steel pin and concealed bearing.

The elegant proportions of this design incorporate a widened hinge leaf and a staggered screw pattern that are both recommended for heavier doors. Shown here with flat washer HT2511. Other washer designs are also available.

LEAF HT.	WIDTH	KNUCKLE	LEAF
6"	3-3/4"	5/8"	.208"
6-1/2"	4"	5/8"	.208"
6-1/2"	4-1/2"	5/8"	.208"
