

H . T H E O P H I L E

SINCE 1882

► **BACKPLATE HT3251**

The substantial HT3251 backplate, with its stepped perimeter, combines the historical detail of the first third of the 20th century with a contemporary sensibility of proportion and weight. The massive, clean design acts as an appropriate foil to a number of contemporary and historical knobs. Available in a range of sizes to coordinate with knobs, levers, and cabinet pulls.
