

► CUFF HT3615 - KNOB HT5502

From H. Theophile's unique line of door cuffs, the HT3615 is an engineered wrap-around design integrating backplates, handles, and lockset, and is available in a range of sizes and functions. Cuffs are made to order by project to suit door thicknesses, bevels, and finishes.

Shown here with the HT5502 knob, the vertical configuration of the HT3615 cuff can be combined with a variety of handles.

HEIGHT	WIDTH	THICKNESS
8-1/2"	5-1/2"	1-3/4"
8-1/2"	5-1/2"	2-1/4"
