

► CUFF HT3641

H. Theophile's unique line of pocket door cuffs is an engineered solution integrating recessed pulls and a spring-activated pocket edge pull into a wrap-around design.

The oversized, vertically-configured HT3641 is available in a range of sizes and functions. Cuffs are made to order by project to suit door thicknesses and finishes.

HEIGHT	WIDTH	THICKNESS
21"	4"	1-3/4"
21"	4"	2-1/4"
