

► CUFF HT3667 - THUMBTURN HT1027

H. Theophile's unique line of fin cuffs for pocket doors is an engineered solution integrating recessed pulls into a flush-mounted, wrap-around design.

The HT3667 installs with concealed screw mounting. It is available in a range of sizes and functions. Cuffs are made to order by project to suit door thicknesses and finishes. Shown here with the HT1027 thumbturn for privacy function, and a minimal emergency release button.

HEIGHT	WIDTH	THICKNESS
5-3/4"	2-1/4"	1-3/4"
5-3/4"	2-1/4"	2-1/4"
