

► **KNOB HT4009 - BACKPLATE HT3018v**

The HT4009 knob is based on a late 19th-century design. It achieves its crisp elegance through hand chased detail.

Shown here paired with backplate HT3018v, a diminutive Northern European design with visible screws. See HT3018v for additional backplate information.

KNOB	BACKPLATE	PROJECTION
2-1/4" diameter	1-1/2" square	2-3/8"
