

► **KNOB HT4049 - BACKPLATE HT3021**

The HT4049 rectangular knob, based on an American model from the 1920s, balances historical detail with a modern sensibility for proportion. Can be used without a backplate for cabinet applications.

The 2-11/16" knob is shown here with a 3" x 1-3/4" backplate. See HT3021 for additional backplate information.

See HT9049, HT9209, and HT9211 for coordinating cabinet pull and T-pull designs.
