

► **KNOB HT4049 - BACKPLATE HT3190v**

The HT4049 rectangular knob, based on an American model from the 1920s, balances historical detail with a modern sensibility for proportion. Can be used without a backplate for cabinet applications.

The 2-11/16" knob is shown here with a 1-1/2" square backplate. See HT3190v for additional backplate information.

See HT9049, HT9209, and HT9211 for coordinating cabinet pull and T-pull designs.
