

► **KNOB HT4079 - BACKPLATE HT3006**

Although this neoclassical design belongs to the traditional repertoire, H. Theophile's HT4079 knob stands out for its perfectly proportioned silhouette and crisp detailing. It coordinates with numerous fittings, including cabinet pulls, levers, and backplates.

The 2-1/8" round knob is shown here with a 2-3/8" round backplate. See HT3006 for additional backplate information.
