SINCE 1882

► **KNOB HT4093b - BACKPLATE HT3008**

Unusual beaded detail on the HT4093b knob recalls 18th century silver patterns, and punctuates the transition from the knob's shaft, shaped like a baluster, to its domed face.

Shown here with the HT3008, which features a stepped edge and concealed mounting. See HT3008 for additional backplate information.
