► **KNOB HT4095 - BACKPLATE HT3100**

The HT4095 knob is distinguished for its double row of perimeter beading, a rare decorative detail adapted from 19th c. British flatware. Paired with the HT3100 backplate, whose clean, elongated backplate is a foil for the knob's decorative interest.

The HT3100 backplate is available in a variety of standard and custom sizes.
