

► **KNOB HT4124 - BACKPLATE HT3218v**

The HT4124 knob, although based on a traditional 18th century knob design, has a definite 20th century sensibility. Moldings evolve into incised lines and proportions are streamlined; the result is crisp and clean.

See HT3218v for additional backplate information.

KNOB	BACKPLATE	PROJECTION
2-1/8" diameter	2-1/8" square	2-3/8"
