

► **KNOB HT4164 - BACKPLATE HT3274**

Unadorned hexagonal and round geometries combine to create the HT4164 knob form, an example of English Machine Age design.

The coordinating HT3274 rosette with its radiused edge detail uses concealed mounting. See HT3274 for additional backplate information.

KNOB	BACKPLATE	DIAMETER
1-1/2" diameter	1-9/16" diameter	2-5/8"
