► **KNOB HT4195 - BACKPLATE HT3688v**

---

The HT4195 knob dates from the early 20th century, an example of American Classical Revival. While its overall form is classic, its tall, robust proportions and incised detail make it forward-looking. The HT4195 knob can be paired with a variety of rosette and backplate styles.

The combination with the HT3688v cruciform backplate makes for a handsome pairing. The backplate can be specified without visible mounting screws as well. See HT3688v for additional backplate information.

KNOB	BACKPLATE L x W	PROJECTION
