

H . T H E O P H I L E

SINCE 1882

► **KNOB HT4850 - BACKPLATE HT3182**

The crisp stepping concentric forms of the HT4850 knob make it a classic of the American Streamlined Era. Its shaft cleverly nests in a backplate of similar design and blurs the meeting of the two components. Shown here with the HT3182 square backplate with moulded edge detailing.

See HT9850 for coordinating cabinet sizes of this knob. See HT3182 for additional backplate details.

KNOB	BACKPLATE	PROJECTION
2-1/4" diameter	2" square	2-1/8"
