SINCE 1882

► **LEVER HT6006-5.000 - BACKPLATE HT3100-1.750x1.750**

The HT6006 lever is based on an English lever design from the 1930s which combines an oval profile handle and a rectilinear shaft. It enlarges the scale of the original for contemporary applications, while maintaining the elegance of the original form. Shown here in dark statuary bronze finish.

The 5" lever is shown here with a 1-3/4" square backplate. See HT3001 for additional backplate information.

See HT4600 for coordinating T-pull designs.
