

► **LEVER HT6006 - BACKPLATE HT3105**

The HT6006 lever is based on an English lever design from the 1930s which combines an oval profile handle and a rectilinear shaft. It enlarges the scale of the original for contemporary applications, while maintaining the elegance of the original form.

The 5" lever is shown here with a 12" x 3" backplate. See HT3105 for additional backplate information.

See HT4600 for coordinating T-pull designs.
