

► LEVER HT6173 - BACKPLATE HT3008

The facets and curves of this 1930s lever are both ergonomic and artful. The base is cleverly punctuated by a knurled band.

See HT3008 for additional backplate information.

See HT6019 for coordinating lever sizes.

LEVER LENGTH	BACKPLATE	PROJECTION
5-1/16" overall	2" square	2-5/8"
