

► CANE BOLT HT7012 - CABINET PULL HT9033h

The HT7012 is a decorative surface-mounted cane bolt, shown here with the HT9033h pull. It is typically mounted on the interior face of the door, locking into the header and/or the floor. Surface-mounted universal and mortise strike options are available. This cane bolt is available in standard and custom finishes.

The HT9033h is available separately as a cabinet pull.

Rod guide dimensions: 2-1/8" x 1-5/8"

Throw: 1-1/8"
