

► **RECESSED PULL HT9089**

The HT9089 recessed pull features a single stepped perimeter detail along its edge.

This pull can be used as a sash lift or on sliding doors, and can be adapted for swing doors with privacy and keyed functions; specify when ordering.

Standard box depth (mortised depth behind face frame) is shown; other depths are also available.

LENGTH	WIDTH	PROJECTION	BOX DEPTH
3-1/2"	1-1/16"	1/8"	3/4"
