

► CABINET PULL HT9300 - BACKPLATE HT3182

The HT9300 cabinet pull is a Northern European design found in a variety of permutations since the 18th century. The incised lines at the base suggest a Neoclassical detail. Shown here with HT3182 backplate. Size shown is 1-1/8" square pull with 1-3/8" square backplate.

See HT9234 for a coordinating rectangular cabinet pull design.

PULL	BACKPLATE	PROJECTION
1-1/8" square	1-3/8" square	1-1/16"
1-1/8" square	1-3/8" square	1-5/16"
