

► CABINET PULL HT9301n - BACKPLATE HT3101

The HT9301n cabinet pull, with optional custom insert on its face (shown here in leather), is a contemporary variant of a traditional fitting circa 19th century New England. Its enlarged diameter and crisp lines make it unmistakably contemporary and give it an excellent hand.

Shown with the HT3101 backplate. Size shown is 1-1/2" pull with 1-3/4" square backplate.
