

► RECESSED PULL HT9412

The delicate crosshatch, hand chased into its face, distinguishes the HT9412 recessed pull. A slight taper to the edges softens its outline and provides a Machine Age aesthetic.

This pull can be used on sliding or swing doors and can be adapted for privacy and keyed functions; specify when ordering.

A minimal box depth (mortised depth behind face frame) is shown; other depths are also available.

LENGTH	WIDTH	PROJECTION	BOX DEPTH
5-1/8"	1-3/8"	1/8"	7/16"
7"	2"	1/8"	7/16"
