

► RECESSED PULL HT9429-7.250x2.750

The HT9429 recessed pull features a knurled multi-stepped perimeter edging and a knurled racetrack window detail.

Available for use on pocket doors and can be drilled to accommodate passage or privacy functions.

A minimal box depth of 7/16" (mortised depth behind face frame) is shown; other depths are also available.

LENGTH	WIDTH	PROJECTION	BOX DEPTH
7-1/4"	2-3/4"	3/16"	7/16"
