

► **WIRE PULL HT9513**

The modern HT9513 pull, with its slight arc, is minimalist and clean-lined. Its edges are hand finished to provide a comfortable grip.

The piece is through-bolted from the back face of the door or drawer and is available in standard and custom sizes to suit various door and cabinetry applications.

See HT9509 for the edge-mounted version of this pull.

LENGTH	C-TO-C	WIDTH	PROJECTION
5"	4-3/4"	5/16"	1-3/16"
