SINCE 1882

► RECESSED PULL HT9917v

High-contrast decorative ribbing, asymmetrical framing, and elegantly radiused corners distinguish the HT9917v recessed pull with visible screws, recalling furniture and interior designs from the 1940s.

This pull can be used on sliding or swing doors and can be adapted for privacy and keyed functions; specify when ordering.

A minimal box depth (mortised depth behind face frame) is shown; other depths are also available.

LENGTH	WIDTH	PROJECTION	BOX DEPTH
15"	2-7/16"	1/8"	7/16"
