

► **RECESSED PULL HT9921**

The HT9921 recessed pull is based on an antique sash lift and uses slightly tapering edges to achieve its elegant softness.

This pull can be used on sliding or swing doors and can be adapted for privacy and keyed functions; specify when ordering.

A minimal box depth (mortised depth behind face frame) is shown; other depths are also available. See HT9276 for the square version of this pull.
