

► **RECESSED PULL HT9982 - RING PULL HT9901**

Inspired by an original Regency era design, the HT9901 ring pull is extraordinarily simple and refined.

A minimal box depth of 7/16" (mortised depth behind face frame) is shown; other depths are also available.

See HT9982 for additional recessed pull information.

RECESSED PULL	RING	H x W	PROJECTION
3-1/4" diameter	1-11/16" x 2-1/8"		3/8"
