

► RECESSED PULL HT9983 - CABINET PULL HT9910

The HT9983 recessed pull has a delicate, multi-stepped classical perimeter edging. Size shown is the 4" x 2-1/8" recessed pull with the 2-3/4" length drop pull.

Shown here with the HT9910 traditional drop pull. Its turned design is cast and hand-finished, like the original 1820s fitting on which it is based. See HT9910 for additional drop pull information.
